The same room. A different character.

Choose a coordinated starting palette, then agree the final fabrics and finishes with the designer.

Olive and Stone

Muted olive with warm neutral cabinetry.

Coastal Blue

Soft slate blue with pale stone finishes.

Soft Clay

Warm clay accents with gentle ivory tones.

Choice without changing the package.

These palettes retain the same furniture arrangement and proposed scope. Colour choices are intended as equivalent options; the final fabric and finish ranges must remain within the agreed allowance. Other schemes can be developed through the Complete design service.

A clear scope. A considered delivery plan.

What happens next

1. Tell us about your rooms

Send your home postcode, room count, approximate dimensions, photographs and preferred package.

2. Agree the specification

We review the room, access and existing services with your team. For Complete, the designer develops the coordinated scheme and selections.

3. Confirm the quotation

You receive the agreed inclusions, exclusions, fixed price and proposed programme. We confirm lead times, access arrangements and payment terms before work begins.

Scope and practical details

The guide budgets assume a vacant bedroom of approximately 16 m² with sound existing surfaces and normal weekday access. They are planning figures pending supplier and labour cost checks; the site quotation governs the final price.

Ensuite refurbishment, structural alterations, replacement windows or doors, nurse call changes, major electrical works, plumbing, damp treatment, asbestos work and substantial floor or wall repairs are separate works.

Complete includes an allowance for a specified care bed and mattress, TV and bracket, visitor chair and accessories. The provider must agree the bed and mattress requirements before selection and pricing. TV connectivity and any subscriptions are confirmed separately.

Final products, furniture sizes, clearances, fabrics and finishes are checked against the home's requirements. The provider arranges resident relocation. Images illustrate design intent and do not establish measured dimensions or product suitability.

All three packages include protection, fitting, removal of agreed replaced items and a final snagging check. Multiroom programmes are quoted individually.
